## Connecting Churches to the Community

### VITAL to the Mission

It is only fitting that the Wilson churches become a vital part of our community's Juneteenth Celebration. It took decades of education and raising awareness by spiritual leaders and advocates to reach the landmark occasion of Juneteenth becoming a national holiday.

The community understands it has been the black churches that sustained African Americans from the earliest of times. Churches became the epicenter for families, community, and culture. Churches have been the central force in shaping the history of African American people. They have provided a sense of value, belonging and worthiness. The cultures brought from Africa were filtered through worship, music and art, as we embraced and unified within the church kinship.

Now - we must CELEBRATE TOGETHER!  
Churches and Community

We need the whole community and all churches in Wilson to partner with the Mt. Hebron Lodge #42 in elevating the Wilson Juneteenth Festival and creating a celebration that will carry our vision forward for the next generation.
